

Erasmus+ Programme. COOPERATION FOR INNOVATION AND THE EXCHANGE OF GOOD PRACTICES
KA202: Strategic Partnerships for vocational education and training

Invitation to the European Event

Energy poverty in the EU: Status, Policies, Consumers Empowerment

Organised in the frame of the project
“TRECE: Training for Energy Consumers Empowerment”

Tuesday 21 December 2021

Via Zoom, 9:30-14:00 (Athens Time)

The consortium of the ERASMUS+ project [Training for Energy Consumers Empowerment – TRECE](#) and the Center of Renewable Energy Sources and Savings (CRES) as the Greek partner, are inviting you to the European Event for the consumers’ empowerment aiming to tackle energy poverty, titled “**Energy poverty in the EU: Current Status, Policies, Consumers Empowerment**”.

The Event is divided in 3 main Sessions:

1. Energy poverty status and policies in the EU and in the Consortium’s countries (Bulgaria, Greece, Slovenia, Spain, Romania).
2. Presentation of problems, experiences and practical solutions from social agents
3. EU projects designed to tackle the energy poverty and presentation of TRECE’s [training platform](#)

TRECE project aims to engage people in an energy poverty situation so that they know how to manage their energy expenditure more efficiently, improving their behavior through strategies that involve them in better energy efficiency. In order to achieve that, the TRECE project engages NGOs and public bodies with training tools that allow them to approach and change consumption habits for groups at risk of energy poverty.

Registration by Monday 20/12/2021 in the following link:
